

Her Hands and Arms Made Marvelously Beautiful in a Single Night

Free Prescription Did It.

Grace Benson says: "Had anyone told me such wonderful results could be accomplished so quickly, I positively would not have believed it. My arms and hands were covered with freckles; my neck was dark and wrinkled from the use of high collars; my hands were lined and the knuckles red. All these defects were removed by one application of a free prescription, which I am pleased to give to anyone. It's just as simple as it is effective. Go to any drug store and get an empty two-ounce bottle and a one-ounce bottle of Kulus Compound. Pour the entire bottle of Kulus into the two-ounce bottle, add one-quarter ounce of witch hazel and fill with water. Prepare this prescription at your own home, then you know you are getting it right. Apply night and morning. It makes the skin soft and beautiful, no matter how rough and unattractive your hands and arms are. One application will astonish you. I have given this prescription to thousands of women and they are all just as enthusiastic as I am. Try it on your neck and shoulders and you will be agreeably surprised."

WILCOX OPENS ITS FIRST FAIR

Good Agricultural Exhibits. Race Is Won by Wilcox Horse

Wilcox, Ariz., Sept. 15.—The first fair held by the Southeastern Arizona Agricultural Fair association has opened here. The exhibition hall is decorated and a magnificent display of produce of every variety arranged. The mineral exhibits from the Mascot and Centennial mines are rich and the splendid exhibit of Hereford cattle by H. L. Johnson is one of the principal features of the cattle show. The domestic exhibit is most creditable and the art display beautiful. Among the individual collections, that of Mrs. A. Smith, Democratic candidate for senator, will be here. Thos. F. Weedon, also Democratic candidate for governor, was here. The races were well attended, the match race between Buckskin, the horse of Jim Kennedy, and the fast horse of Yuma, was won by Buckskin, the purse being \$400.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear, there is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a running nose or imperfect hearing. The tube cannot be seen, and cannot be reached by local applications, except by medicine that is taken systemically. We will give One Hundred Dollars for any case of Deafness cured by our method that cannot be cured by other means. Send for our literature. F. J. CHENEY & CO., Toledo, O.

Concord Grapes from Michigan and New York, on the Market

California Peaches Keep Them Company—Cantaloupes Scarce.

Concord grapes have been added to the El Paso fruit market and have come from Michigan and New York. With the Concord grape supply in the market is almost complete. California peaches have also been added to the market during the week and the selling price is quoted at 10 cents per pound and \$1.25 per box. The prices in the fruit market remain the same, with the exception of small cantaloupes, which have raised their wholesale price from between \$1 and \$1.50 to \$1.50 and \$2 per crate. Cauliflower is a new arrival in the vegetable market, and fresh Mexican wax beans have taken their departure. Summer squash has been raised from 5 cents to 10 cents per pound.

The Lost and Found.
"I will be ever grateful to the Want Columns for the return of an article of jewelry, an heirloom, that I lost one evening, and which was returned to me the next evening."
You have heard such expressions from many who have had practical experience with the remarkable efficiency of the Want Columns in recovering lost articles.
One great convenience of the Wants in returning lost articles is the fact that they work so quickly. A few hours after you send your Want Ad to The El Paso Herald, telling of a lost article, thousands of people are reading the Wants, and the losers and finders of lost articles, naturally enough, are the first to make a critical examination of the lost and found classification.

Report Of the El Paso Public Library For Summer Of 1911

THE board of directors of the public library have held their first meeting since the summer recess. The library report included work done through the summer, giving statistics of circulation and other matters.
The total circulation for June, July and August was 14,937. Of this number 1596 was non-fiction, 4970 children's books. The daily average was 192. The total number of borrowers registered during this time was 273 adults and 80 children.

There were 321 books purchased. There is a growing appreciation for the more attractive books of fiction. A small collection of these is kept on the desk where they are easily accessible to the public.
The library has grown steadily during the year and it is necessary to add new shelving to make room for the books. It is planned to use the basement rooms for a reference department for government documents. These publications are received regularly and are very valuable for reference. By moving them into a room by themselves, there will be more space for the library to grow along other lines.

The following list gives the non-fiction added to the library since June. There were 194 titles of fiction not included in the list:
Biography.
Michel Montaigne (Dowden); Japanese letters of Lafcadio Hearn (Hearn); Memories and Impressions of Helena Modjeska (Modjeska); Michael Servetus (O'Donnell); Friedrich Nietzsche (Orage); Americanism of Washington (Van Dyke); Famous Blue-stockings (Wheeler).
World of Dreams (Ellis); Pluralistic Universe (James); Psychology (James); Will to Believe (James); Social Welfare and the Liquor Problem (Warner).

Religion.
Comfort (Black); Divine Library of the Testament (Kirk); Prophecy, Jewish and Christian (Wace).
Education Economics and Sociology.
What Eight Million Women Want (Dor); Socialism and Socialism (Glen); Social Direction of Human Evolution (Kellcott); Suffragette (Pankhurst); Manual Training (Gould); Socialism; Socialism and Individualism (Webb and others); Woman and Labor (Schreiner).
Science.
Romance of Modern Astronomy (Macpherson); Bird Men With Flying Machines (Mowbray); Popular Astronomy (Newcomb); Half Hours With the Summer Stars (Proctor).

Agriculture and Gardening.
Nature's Garden (Doubleday); Our Garden Flowers (Keefer); Orchard and Fruit Garden (Powell); Farm Dairying (Rose); Practical Guide to the Wild Flowers (Walton); Garden, You and I (Wright).
Health and Hygiene.
Instinct and Health (Hutchinson).

Do Coming Events Cast Their Shadows Before? LET THIS MAN READ YOUR LIFE

Offers Free Test Readings, Advice on Business, Marriage, Occupation, Changes, Journeys, Friends, Enemies, and All Important Events of Life.

Attention of the mystically inclined seems to be centered at present upon the work of Mr. Clay Burton Vance, who, although laying claim to no special gift of supernatural powers, attempts to reveal the lives of people through the slender clue of birth-dates. The undeniable accuracy of his delineations leads one to surmise that heretofore palmists, prophets, astrologers and seers of divers beliefs have failed to apply the true principles of the science of divination.
It is not to be denied that astrologers have excited the interest of enlightened people of all ages, but there have been many earnest thinkers reluctant to accept the theories of the ancient Chaldean science. One can only judge the potency of the science of Astrology by a personal application of its principles. To have all the cardinal events of your life spread out before you, to read an unvarying description of your true character, habits and inclinations, is a most gratifying and powerful aid to the knowledge of the self. The following letters are published as evidence of Mr. Vance's ability. Mr. Lafayette Reid writes: "My Reading received. With the greatest amazement I read, as step by step you outlined my life, since I was a child, have been somewhat interested along these lines for years, but had no idea that such precise advice could be given. I must admit that you are a most remarkable man, and am glad you use your great gift to benefit your clients."
Mr. Fred Dalton writes: "I did not expect such a splendid outline of my life. The scientific nature of your readings cannot be fully appreciated until one has his own Reading. To consult you means success and happiness."
Arrangements have been made to give free test readings to all readers of the El Paso Herald, but it is especially requested that those who wish to avail themselves of this generous offer make application at once. If you wish a delineation of your own life, if you wish a true description of your character, aptitudes, talents and opportunities, simply send your full name, the date, month and year of your birth, and also state whether Mr., Mrs., or Miss. Send your letter to Mr. Clay Burton Vance, Room 15, No. 10, Rue de Richelieu, Paris, France. If you wish you may enclose 10 cents (stamps of your own country) to pay postage, clerical work, etc. Please note that 5 cents postage is required on letters posted to France.
